# Get involved! Join us at the Annual Meeting

**Matt Hotzler**  
Manager

Tuesday, Mar. 21, 2023, is circled on my calendar as a special date. It is when H-D Electric Cooperative will host our annual meeting for you, the members we proudly serve. I always look forward to this event because it's a great opportunity for me and our employees to talk with our members and hear what's on their minds.

We hope you'll join us for the annual meeting, which will take place at H-D Electric headquarters. We thank you in advance for getting involved because your participation means so much to us.

During the annual meeting, we'll share a few brief business updates on what's happening at your cooperative and how the cooperative performed financially. So come join us for some cookies and coffee. Each membership that registers at the annual meeting will receive a \$20 bill credit for their next bill and be entered into the door prizes at the end of the meeting.

Spending time with you and hearing your take on our community's energy future is so important to us. It's essential because everything we do is shaped by the members of our community. As I'm sure you know, the energy industry is in the midst of massive change. Consumer needs and changing technology impact nearly every aspect of how we manage and deliver energy to local homes, schools, and businesses.

As we navigate major changes in the coming years, we need to hear from you and your neighbors to inform our planning as we strive to meet the long-term needs of all H-D Electric members.

## You have a say

You may be wondering if your opinion makes a difference, and yes, it does! Gaining guidance and perspective from our members and board helps set priorities for the co-op and guide future decisions. At our annual meeting, we raise issues for voting consideration by the general membership (that's everyone who pays for electric service from H-D Electric). The annual meeting is also a time for members to vote on the co-op's board of directors.

Our board of directors is made up of nine members who live and work right here in our local service area, so they are in the best position to know where community investments are most needed. And by the way, we hope you'll consider running for the board in the future – we're always looking for folks who care about our community and who would be

willing to serve. This year's election includes directors for Districts 3, 4 and 9. Petitions will be available after Jan. 5, 2023, and due back by Feb. 24, 2023.

## Your electric bill is an investment in our community.

This local input means those closest to the community know its needs and priorities. Every year, we invest funds to make updates to our local system, which helps maintain reliability and grid resilience. Think of it this way: every time you pay your electric bill, you're investing in your community because all the money we take in stays here in the local community. By making these investments in our local system, we can ensure you have reliable power for everyday life.

Most consumers likely don't equate active involvement with their electric company with helping their community. But H-D Electric is not an ordinary utility company. We're a co-op, and our business model is meant to serve the members and the community in which it operates.

Our core purpose and mission are to provide safe, reliable, and affordable power. But as a co-op, we're also motivated by service to our community, rather than profits. We hope you'll exercise the benefits of your co-op membership and join us for the annual meeting on Tuesday, Mar. 21, 2023. We look forward to seeing you!

The crews continue to be busy and are working hard to get whatever work done they can before winter freeze sets in. We have seen significant material shortages which have created longer lead times to get materials. For example, we already have started to place orders for some equipment that will be delivered in 2024, over a year away! So if you plan to work on a project next year make sure you contact us and talk about the project so we can have the equipment needed. You can't talk to us soon enough with the lead times that we are seeing on materials.

With one more month left in 2022 as I write this column, it looks like H-D Electric is on track for another great financial year. On your November bill (mailed out during the first week of December) you may notice a bill credit amount. This is your share of the \$300,000 that the board voted to return through a bill credit for usage from Jan. 2022 – Oct. 2022. This equates to approximately three percent of your bills for that period.

Happy Holidays, Merry Christmas and Have a Happy New Year!!!

## COOPERATIVE CONNECTIONS

### H-D ELECTRIC

(USPS No. 018-905)

**General Manager:** Matt Hotzler

**Headquarters Employees:**

Annie Aberle – Finance and

Administration Manager

Michelle Prins – Billing Clerk

Heidi Brewer-Grimlie – Accounting Clerk

Jami Bolden – Receptionist/Cashier

Roger Cutshaw – Engineer

Darren Matthies – Building Property  
Worker

**Operations:**

Troy Kwasniewski – Operations Manager

Todd Sprang – Line Foreman

Line Crew:

Pat Kirby – Operations Support

Joe Raml – Lead Lineworker

Cody Scarrott – Lineworker

Derek Bille – Lineworker

Kevin Holida – Lead Lineworker

Matt Miller – Equipment Operator/  
Mechanic

Joseph Jordan Jr. – Apprentice Lineworker

Eric Page – Apprentice Lineworker

**Member Services:**

Tom Lundberg – Member Services  
Manager

Noah Reichling – Electrician

Brady Krause – Journey Electrician

Amanda Reese – Apprentice Electrician

**Board of Directors:**

**President:** Bert Rogness – Astoria

**Vice President:** Terry Strohfus – Hazel

**Secretary:** Roxanne Bass – Castlewood

**Treasurer:** Steven Hansen – Clear Lake

Dale Williams – Estelline

Casper Niemann – Lake Norden

Kevin DeBoer – Clear Lake

Laurie Seefeldt – Revillo

Todd Moritz – Castlewood

H-D ELECTRIC COOPERATIVE CONNECTIONS is published monthly by H-D Electric Cooperative, Inc., PO Box 1007, 18240 SD Hwy 15, Clear Lake, SD 57226-1007 for its members. Families subscribe to H-D Electric Cooperative Connections as part of their electric cooperative membership. H-D Electric Cooperative Connections' purpose is to provide reliable, helpful information to electric cooperative members on matters pertaining to rural electrification and better rural living. H-D Electric Cooperative is an equal opportunity provider and employer.

Subscription information: Electric cooperative members devote 50 cents from their monthly electric payments for a subscription. Nonmember subscriptions are available for \$12 annually.

Periodicals Postage Paid at Clear Lake, S.D., and at additional mailing offices.

POSTMASTER: Send address changes to: H-D Electric Cooperative Connections, PO Box 1007, Clear Lake, SD 57226-1007; telephone (605) 874-2171; toll-free 1-800-358-7233; fax (605) 874-8173; e-mail info@h-delectric.coop

Design assistance by SDREA.

## Basin Electric and H-D Electric Scholarships

H-D Electric Cooperative will award one \$1,000 scholarship and two \$500 scholarships. To be eligible you must be a dependent of a member. One of these scholarships will give preference to a student in an electrical/energy related field. Applications are available and must be completed and returned to H-D Electric by **Feb. 13, 2023**.

Recipients will be chosen according to criteria such as SAT/ACT scores, overall grade point averages, work experience, participation in school and community activities, a personal statement of career goals and a written recommendation by a third party. Only the applications which provide all of the above information will be considered, so it is important to read the application thoroughly and complete every detail.

The applicant must be a student who is enrolled or planning to enroll in a full-time graduate or undergraduate course of study at an accredited, two year or four-year college, university, or vocational/technical school.

To apply, you must complete the required criteria and the scholarship application, which can be obtained from local high school guidance counselors, calling H-D Electric at 605-874-2171 or 800-358-7233, writing H-D Electric, PO Box 1007, Clear Lake, SD 57226 or via our website at [www.h-delectric.coop](http://www.h-delectric.coop). Applications must be completed and returned to the office of H-D Electric by Feb. 13, 2023.

## Attention High School Juniors and Seniors

### Win a Trip to Washington D.C.

H-D Electric Cooperative will once again sponsor high school (juniors and seniors) on an all-expense-paid trip to Washington, D.C. Each June, more than 1,800 high school juniors and seniors travel to Washington, D.C., to participate in the Rural Electric Youth Tour. During the week, they learn about Washington, D.C., government, cooperative philosophy and rural electrification. The students are selected and sponsored by their local rural electric cooperatives. The South Dakota Rural Electric Association (SDREA) coordinates arrangements for the South Dakota students.

**Who is Eligible?** All area high school juniors and seniors whose parents are members of H-D Electric Cooperative.

**What Does It Cost?** H-D Electric Cooperative, along with the other local electric cooperatives that participate in the weeklong event, funds the tour. The funding for the tour provides for each participant's transportation, room and board, entertainment and sightseeing events. Students are required to provide their spending money (snacks and souvenirs).

**When is it Held?** The weeklong trip will be held on Jun. 17-23, 2023. Participants will meet for an orientation meeting on Saturday, Jun. 17, in Sioux Falls. Then, the group will fly to Washington D.C. on Sunday, Jun. 18, and return to South Dakota on Friday, Jun. 23. A commercial bus will be used for transportation while in Washington D.C.

**How do I Qualify?** Complete the Rural Electric Youth Tour application form that is available from your school guidance counselor or H-D Electric Cooperative website [www.h-delectric.coop](http://www.h-delectric.coop) or in person at H-D Electric headquarters. Submit completed applications to H-D Electric Cooperative before Mar. 17, 2023.

### Tips to use your electric blanket wisely

Heating pads and electric blankets cause around 500 fires throughout the U.S. each year. Almost all of these fires involve electric blankets more than 10 years old.

Learn how to stay safe and injury-free.

- Heating appliances should never be left unattended or used while sleeping.
- Do not plug electric blankets into an extension cord or power strip, as they could overheat and cause a fire.
- Look for dark, charred, or frayed spots or electrical cords that are cracked or frayed. Replace any worn or old heating pads or electric blankets.
- Never fold electric blankets when in use. Folded or tucked-in electric blankets could overheat and cause a fire.
- When purchasing electronics, including electric blankets, be sure to only purchase from reputable retailers. Purchase devices that have been approved by a nationally recognized testing laboratory.
- Do not allow anything to rest on top of a heating pad or electric blanket when it is in use. It may cause the device to overheat.
- There are two types of personal heating appliances: electric blankets and heating pads that are placed directly on the mattress. They are not meant to be used interchangeably or at the same time.

### Gums wins Connections annual recipe contest

Lily Gums of Clear Lake has been selected winner of the annual *Cooperative Connections* member recipe contest.

Gums submitted a beverage recipe she calls "Swamp Water" that was published in the April 2022 issue of the magazine. She received a \$25 gift card for her submission. Congratulations, Lily!

She is a member of H-D Electric Cooperative based in Clear Lake.

### CO-OP LEADERS SERVE THEIR MEMBERS AND CONSTITUENTS

Ryan Maher is both a state senator and a board member at Moreau-Grand Electric Cooperative in Timber Lake. He is one of three cooperative leaders who play unique roles in serving their co-op consumers while also serving their constituents as state lawmakers during the legislative session in Pierre.

To view the comments and insights of these lawmakers and learn more about how electric cooperatives work to improve our communities, visit Cooperative Connections Plus by scanning the QR code at right.

### Be safe around power lines

#### Weston Kling

Weston Kling, age 7, urges equipment operators to always lower augers to accommodate for overhead power lines. Weston is the son of Tyler and Alexis Kling of Rapid City. They are members of West River Electric based in Wall.

Kids, send your drawing with an electrical safety tip to your local electric cooperative (address found on Page 3). If your poster is published, you'll receive a prize. All entries must include your name, age, mailing address and the names of your parents. Colored drawings are encouraged.

# SUPER SOUPS

## VEGGIE CHEESE SOUP

### Ingredients:

1/3 c. shredded carrots  
1/3 c. chopped celery  
3/4 c. broccoli flowerettes (fresh or frozen)  
2 tbsp. diced onion  
1/4 c. butter or margarine  
6 tbsp. flour  
2 c. chicken broth  
2 c. milk  
2 c. Velveeta cheese, cubed

### METHOD

Cook carrots, celery and broccoli in 1 cup water until tender crisp. Saute onions in butter. Add flour to blend. Add milk and stir to make white sauce then add cheese and stir until melted. Add chicken broth and vegetables in remaining water. Blend until smooth.

**Nancy Stenson, Fort Pierre**

## CHEESEBURGER SOUP

### Ingredients:

2 lbs. ground beef or ground chuck  
2 carrots, chopped  
1/2 med. onion chopped  
1/2 stalk celery, chopped  
5 med. peeled potatoes, chopped  
4 c. turkey or chicken broth  
3 c. half and half  
1 tsp. poultry seasoning  
2 tsp. garlic powder  
1 lb. Velveeta cheese, chunked  
2 tbsp. butter  
salt and pepper to taste

### METHOD

Brown ground meat in large pot. Drain and return to pot. Add butter, onion, carrots, celery and potatoes. Cook for 5 minutes. Add broth, poultry seasoning, garlic powder and continue cooking until vegetables are tender. Add half and half and Velveeta cheese and continue heating until cheese has melted. Salt and pepper to taste.

**Kathleen Meier, Firesteel**

## CHICKEN FAJITA SOUP

### Ingredients:

1 tbsp. oil  
1 med. green bell pepper, cut into 1/2-inch chunks  
1 med. red bell pepper, cut into 1/2-inch chunks  
1 sm. onion, finely chopped  
3 tbsp. tomato paste  
1 lb. boneless skinless chicken breasts, cut into 1/2-inch cubes  
1 pkg. McCormick® Organics Fajita Seasoning Mix  
3 c. chicken stock  
1 can (14.5 ounces) petite diced tomatoes, drained  
1 c. frozen corn  
1 c. tortilla strips

### METHOD

Heat oil in large saucepan or Dutch oven on medium-high heat. Add peppers and onion; cook and stir 2 minutes. Add tomato paste; cook and stir 2 minutes. Stir in chicken, Seasoning Mix, stock, tomatoes and corn. Bring to boil. Reduce heat; simmer 20 minutes or until chicken is cooked through. Ladle soup into bowls. Sprinkle with tortilla strips. Serve with desired toppings.

**mccormick.com**

Please send your favorite recipes to your local electric cooperative (address found on Page 3). Each recipe printed will be entered into a drawing for a prize in December 2023. All entries must include your name, mailing address, phone number and cooperative name.

# Q: Are smart home technologies energy efficient? Will making these technology upgrades save me money?

**Miranda Boutelle**  
Efficiency Services  
Group

A: You've probably heard the term "smart home" a lot in recent years. If you're curious about what makes a home smart, how it can boost energy efficiency and help you save money, you have come to the right place.

"Smart" was originally an acronym for self-monitoring analysis and reporting technology. This refers to technology that can be programmed for automation or controlled remotely using Bluetooth or Wi-Fi from a smart phone app or online. A smart home is one with automated control of appliances and systems, such as lighting fixtures and heating and cooling systems.

There are multiple reasons people choose to automate their homes, including convenience, energy efficiency and security. Just because a product is smart, don't assume it's energy efficient. Added connectivity, lights and touchscreens can actually increase your energy use. Always look for the ENERGY STAR® logo, which certifies the products meet standards for energy efficiency.

Energy savings typically come from automating the systems, devices and appliances in your home to use less energy or use energy when it costs less. Here are a few ways you can start implementing smart technology at home.

### **SMART UPGRADES FOR THE ENTIRE HOME**

Because heating and cooling account for the most energy use in a home, these systems are the best place to look for energy savings.

Smart thermostats offer features and functionality that can help you save energy and money without thinking about it, including learning preferences and automatically setting temperatures. Geofencing is a feature that uses your phone's location to gauge your distance from home and adjusts the temperature accordingly.

Smart thermostats also let you control the

thermostat from anywhere with an internet connection, and automatic software updates use new algorithms to maximize energy savings. Features vary by product, so be sure to choose the one that's right for you.

Smart window coverings are increasing in popularity. They can help save energy both in the winter and summer by operating based on the temperature of the room or a preset schedule.

Smart lighting can help you remotely control lights in your home, based on occupancy or a preset schedule. Lighting also can be paired with home security systems. You can use smart outlets and power strips to control devices from outside the home or manage use based on load. For example, you can plug your devices into a load-sensing power strip that turns off peripheral devices, such as printers, when your computer is not in use.

### **SMART STREAMING FOR THE LIVING ROOM**

Many people use Wi-Fi to stream TV shows and movies. Smart TVs with built-in streaming functionality offer the most efficient way to stream content. If your TV cannot connect to the internet for streaming, opt for a streaming media player, such as Roku or Apple TV. They use 15 times less energy than a gaming console to stream the same shows and movies.

### **SAVE ON SUDS IN THE LAUNDRY ROOM**

Smart washing machines can be scheduled for off-peak energy times (when people in your community use less energy), which is helpful if your electric rate is based on the time of day energy is used. Smart clothes dryers can shut off automatically when your clothes are dry.

### **SMART SAVINGS IN THE KITCHEN**

There are many options for smart appliances in the heart of the home. Smart refrigerators offer energy-saving features, such as notifications when the door is left open. Digital screens show the contents to keep you from opening the door.

Smart ovens let you preheat when you are on your way home or check if you forgot to turn off the oven when you are away. Toasters, range hoods, microwaves and countertop ice makers are among the growing list of additional smart kitchen gadgets available.

FEM Electric General Manager Scott Moore enters his first term in the state Legislature. *Photo by Billy Gibson*

## Co-op GM hopes to take the 'D.C.' out of state politics

**Billy Gibson**

[billy.gibson@sdrea.coop](mailto:billy.gibson@sdrea.coop)

Some people seem to enjoy playing in the political sandbox, and then some people have to be persuaded to seek public office.

Scott Moore, the general manager at FEM Electric based in Ipswich, falls into the second category. Last November, Moore was elected to serve as the state representative for District 23, but it took a lot of cajoling and arm-twisting to get him to seek the seat.

Moore joined the cooperative as an apprentice lineman in 1993 and worked his way up to the top of the figurative power pole to become general manager in 2006. Along the way, he'd been approached about running for elected positions on the city council, school board and other public service organizations but always balked at the idea.

"I just never had any interest," he said while gearing up for his first

legislative session in Pierre. "But people kept asking me about running for the Legislature, so I thought I'd give it a try."

He talked it over with the FEM Board of Directors to seek their approval and recruited his wife, Beth, to serve as his de facto campaign advisor. She had been elected to two terms on the Ipswich City Council, so she knew the ropes.

Last spring, Moore hit the campaign trail with optimism and zeal, zipping from one end of the seven-county district to the other and engaging with the public through a series of forums and cracker barrel events. When the ballots were tallied, Moore led the pack with more than 3,100 votes.

Approaching his first session, Moore anticipates it might be like "drinking from a fire hose." It's an analogy that he also applies when thinking back to his days running a family-owned gas station and restaurant when he was 20 years old and back when he first took over as FEM's general manager. He notes that it didn't take him long to find his footing

with those other adventures.

Bearing down on the age of 60, Moore said he recognizes there will be a learning curve, but he feels no trepidation about taking on the responsibility of playing a role in crafting the laws that all citizens of the state are bound to follow.

"There are a lot of people to talk to and resources available if I have questions or need help," he said. "I'm pretty upfront and people usually know where I stand, but I don't come into this with any kind of political agenda."

Even though he'll be a legislative neophyte, that doesn't mean he has no opinions or points of view when it comes to the state political scene.

"We seem to be playing a lot of D.C. politics, and I would like to get rid of that," he said. "If you're not trying to find a way to compromise and work with people across the hallway, that's not real politics. That's just saying, 'It's my way or the highway.' That's not going to work. You can compromise without abandoning your principles. It didn't start happening overnight, so it's not going to be fixed overnight. But you have to start someplace."

## ICE FISHING IN MOBRIDGE

The annual Mobridge Ice Fishing Tournament attracts more than 1,000 avid cold-weather anglers. *Photo by Mobridge Outdoors*

## Mobridge Ice Fishing Tournament offers fun and friendly competition

**Billy Gibson**

editor@sdrea.coop

Last fall, the world of competitive walleye fishing was shaken with a startling saga of deception and skulduggery worthy of a Tom Clancy novel.

Social media lit up showing the dramatic moment a tournament director in Ohio shouted at the top of his lungs with horror and disgust: “We got weights in fish! We got weights in fish!”

Suspicion had long surrounded a pair of locals who ultimately got nabbed stuffing lead weights down the gullets of their walleye. After the two sparked skepticism with a catch of nearly 36 lbs. - one-third heavier than the runners-up - the director gutted the fish right in front of the entire field of wary competitors and held aloft several shiny orbs the size of steel ping-pong balls.

The viral video received more than 10 million views as cameras captured the chaotic scene with one of the accused hanging his head in shame (his partner had slithered away to his truck) while fellow competitors cursed and threatened to inflict bodily harm upon the sly anglers who were later indicted on four felony counts.

Vinson Dargatz is pretty sure nothing close to that degree of high drama will be replicated at the 22nd Annual Mobridge Walleye Ice Fishing Tournament set for Jan. 14. Based on his experience participating in the event over the past 12 years, this competition is more fisherman-friendly and the atmosphere is much more focused on fun.

Dargatz, an apprentice electrician at Lake Region Electric based in Webster, has continued to make the four-hour trip from his home to Mobridge mostly

because of the fellowship and the relaxed, laid-back vibe of the festivities.

He typically gets together with his two brothers and three cousins for the tournament that he describes as a “yearly ritual.”

Vinson Dargatz is shown with one of his prize catches.

“We always have a lot of fun” he said. “We used to just bring a portable shack out on the ice and sit on some buckets while we fished. But now that we’ve gotten older, softer and a little smarter, we have an Ice Castle and we fish and hang out and grill some burgers.”

Number of two-person  
fishing teams competing

# 551

in last year's Mobridge  
Ice Fishing Tournament

Dargatz confesses that the purchase of the 8 x 16-foot Ice Castle was actually his wife's idea. When it's time for an outdoor fishing excursion, the entire family with two boys and a girl always likes to come along. And mom insists on having adequate accommodations.

But Dargatz said when it comes to the annual winter escapes to Mobridge with the fellas, the family has to find something else to do. Besides, the town already doubles in size during tournament weekend and if every angler brought hangers-on in tow, Mobridge might expand to the size of Sioux Falls.

### FILLED TO CAPACITY

Lately, the walleye population is standing less of a chance for survival against the increasing number of competitors testing their luck and skill in the annual tournament. The field has ballooned to the point of being capped at 551 two-person teams with fishermen swarming in from 16 different states.

Only so many humans can be stuffed into the town's expo center where the group events are held.

All of these developments have bewildered Jeff Jackson, one of the tournament's founders and owner of the Wrangler Inn in Mobridge. He recalls more than two decades ago sitting around the table with a group of town leaders who were trying to figure out a way to attract visitors to the area and capitalize on all the outdoor adventure the Missouri

The Mobridge Ice Fishing Tournament draws eager competitors from 16 different states.

*Photo by Travel South Dakota*

River and Lake Oahe have to offer.

In the first year, 50 eager contenders were lured to the event by the opportunity to claim the super grand prize of a Mr. Heater. These days, the prize list represents more than \$225,000 in assorted items such as Ice Castles, four-wheelers, a Polaris Ranger, clam shacks, \$8,000 worth of outdoor gear from Scheel's and Runnings, and more.

Anglers can keep their spot in the field if they register early in mid-July, otherwise their spot will be thrown into a lottery. Three guaranteed positions are drawn each year for those who participate in the town's summer fishing tournament, the Annual Denny Palmer Memorial Walleye Classic. Three spots are auctioned off on Ebay, which typically fetch up to \$4,000 apiece, while a

final spot is raffled off.

Last year's winners were Travis Bergstrom and Tate Merchant, who registered four fish weighing a total of 15.8 lbs. including one lunker that tipped the scales at 9.33 lbs. Jason Converse and Josh Spilde finished second with five fish weighing in at 13.4 lbs.

Dargatz already has the July 2023 registration date on his calendar and reminder notifications set to make sure he doesn't miss out. He's anticipating another adventurous outing in this year's tourney.

"I think it's great for the town to have so many people visiting and spending money. It's pretty wild that a small town can pull something like that together. They run it like a well-oiled machine and make sure everyone has a good time."

Brothers Kaden and Jace Tekrony each accept a shirt from Operations Manager Troy Kwasniewski for qualifying in the Team Roping short go round.

Bareback Riding qualifier Devon Moore accepts a shirt from H-D Electric Manager Matt Hotzler.

## Touchstone Energy® SDHSRA Short Go

The short go consists of the 15 athletes who accumulated the most points in the first two rounds of the state finals plus qualifying points from the regional rodeos. The top athletes with the most accumulated points (regional score, first, second and short go rounds and average score) advance to the national finals. These shirts are for those students who qualified for the short go round but did not advance to the national finals.

H-D would like to congratulate Devon Moore, Kylie and Addyson Wittnebel, Kaden and Jace Tekrony.

**Devon** qualified in Bareback Riding. He has always had a love for rodeo and has been riding bareback for roughly four years, and recently qualified for the Junior World Finals Rodeo for the fourth time and will be competing in Las Vegas in December. When asked what he likes about participating in rodeos, he replied, "You get to travel to many places, meet lots of people, and make good connections." Future goals for Devon are to get rookie of the year once he gets his permit and have a successful year. Another goal for Devon is to win the High School State Finals this year, and one year make it to the National Final Rodeo.

**Kylie** qualified in Pole Bending. It all started with the help of her mother and watching her sisters compete in pole bending. She has been competing for roughly nine years in 4-H rodeos and has placed multiple times. When asked what she likes about participating in rodeos she replied, "Rodeos give you great experiences and opportunities, and also gives you great relationships not only with other contestants but with the animals." Future goals for Kylie include being consistent and confident.

**Addyson** qualified in Pole Bending. It all started with the help of her mother, and her big sister and she has been competing in 4-H rodeos since she was 8-years-old and made it to the 20x High School Showcase Rodeo. When asked what she likes about participating in rodeos, she replied, "Rodeos are very beneficial, you get to meet many people, and make great friendships." Future goals for Addyson are staying involved in rodeo as much as she can now that she has graduated.

**Kaden** qualified in Team Roping. At the age of 14, he started team

roping and has been competing in rodeos for about four years. He has also competed in the South Dakota Rodeo Association in break away. When asked what he likes about participating in rodeos, he replied, "We get to see other rodeo families and meet new friends as we go." Future goals for Kaden are to go to nationals in Team Roping.

**Jace** qualified in Team Roping. It all started with the help of his dad and has been competing in rodeos for about eight years. He has also competed in the South Dakota Rodeo Association and 4-H Rodeos. When asked what he likes about participating in rodeos, he replied, "You get to meet some very great people and you can learn from them." A future goal for Jace is to make it to the College Rodeo Finals.

Congratulations, Devon, Kylie, Addyson, Kaden, and Jace and good luck on your future endeavors!

Kylie and Addyson Wittnebel both qualified for the Pole Bending short go round.

## What are the responsibilities of your electric cooperative director?

As the opportunity draws near to elect your director representatives, it is an appropriate time to think about the role of a cooperative director and their responsibilities and the dedication it takes to fulfill this important role.

The elected director of the cooperative provides an important and necessary link between the member and those that are hired and paid to carry out the day-to-day activities of the cooperative. The director serves as an extension of the rights and responsibilities of the cooperative member. Joining with the other directors of the cooperative, they try with honesty, consistency, and good conscience to make decisions and set policies which are in the best interest of the cooperative and the members as a whole.

A director should establish communication with the members they represent. They need to understand their concerns and issues and welcome the member's opinions. A director is expected to read and be familiar with information, data and reports relating to their cooperative, along with state and national associations.

The responsibility of being a cooperative director requires a dedication and willingness to spend a possible 25 to 30 days each year in meeting these responsibilities. This commitment itself means a director is expected to attend regular monthly board meetings, which are typically held on the third Friday of each month and often last most of the day. It also requires attending the annual meeting and other periodic special meetings as needed.

Directors are encouraged to attend director seminars and training which help broaden the ability to make informed decisions on the issues facing the cooperative. These seminars may have topics on matters relating to financing, electric rates, power requirements, legal risk and regional and national issues of concern to rural electric members.

Outside meeting activities involve East River Electric Power Cooperative, South Dakota Rural Electric Association, Basin Electric Power Cooperative, National Rural Electric Cooperative Association, and the Cooperative Finance Corporation. These co-op organizations and associations are all run by member representatives. Members of the H-D Electric board may be selected to be directors on these boards to represent the co-op and take part in the decisions made on behalf of those organizations. This is part of our cooperative system. Participation on these boards not only requires a dedication of time, it also requires the director to be knowledgeable on a wide range of state and national issues.

With the annual meeting coming up on March 21, 2023, please give some thought to the election of your representative on the board of H-D Electric. Think about what it takes to make the decisions required of them and the time they must spend to be prepared to make those decisions that will affect the whole cooperative.

### Operating Statistics:      October 2021      October 2022

## 2023 H-D Electric Director Election

H-D Director elections will be held at the H-D Electric annual meeting on Tuesday, Mar. 21, 2023. The annual meeting this year will be at H-D Electric headquarters in Clear Lake, S.D.

Director Nominations are by petition only. Petition forms are available at the H-D Electric office and must be signed by at least 15 memberships, (individuals of joint memberships count as one membership). Petitions will be available after Jan. 5, 2023, and must be returned to the office by Feb. 24, 2023. However, because of publication deadlines, in order to have the candidate profile published in the March *Cooperative Connections* annual meeting report magazine, petitions should be submitted at or prior to Feb. 1st, 2023.

### Three director districts for this year are:

**District 3 including the following townships** — Hamlin Township and Dempster Township, Hamlin County, S.D.; and Hidewood Township, Deuel County, S.D.

**District 4 including the following townships** — Portland Township, Rome Township, Goodwin Township and Havana Township, Deuel County, S.D.; Kranzburg Township, Codington County, S.D.; and Georgia Township, Grant County, S.D.

**District 9 including the following townships** — Norden Township, Cleveland Township, Dixon Township and Garfield Township, Hamlin County, S.D.; Laketon Township, Brookings County, S.D.; and Pleasant Township, Clark County, S.D.

# WINTER OUTDOOR FUN

The chill of winter doesn't keep outdoors enthusiasts from finding adventure at Farm Island Recreation Area. *Photos by Travel South Dakota*

## Winter adventure-seekers find wonder in the chilly outdoors

**Billy Gibson**

[billy.gibson@sdrea.coop](mailto:billy.gibson@sdrea.coop)

Mental health counselors have discovered that seasonal affective disorder can be much more than just a harmless case of the blahs - it's a real condition that afflicts millions of people when the daylight diminishes and the temps turn colder.

They also agree that one way to defend against the winter doldrums is to get out of the house, embrace the crisp invigorating air and enjoy all the season has to offer.

It doesn't take much time or effort to create a list of fun things to do to get the blood pumping and the spirit soaring. Stepping away from a stuffy den and going outside to build a snowman, hike a nature trail, roast marshmallows over a bonfire and engage in other activities with family and friends can help bring back some

mental and emotional balance.

Nick Harrington of South Dakota Game, Fish and Parks said his department is eager to accommodate anyone looking to extract some fun from the chill of winter.

Harrington notes that many of the state's 50-plus public camping and recreation areas are open for attendance during the long winter months, although some facilities are closed in an effort to protect delicate nesting habitats

for eagles and other species of wildlife.

Some comfort stations may close down during winter but the state has modern lodges available with amenities such as heaters and running water, including cabins, suites and group lodges for cold-weather outdoor vacationing.

Harrington said that while many vacationers from far and wide flock to South Dakota in the summertime, the state boasts more than 1,500 miles of nature trails for cold-weather adventurers to discover and is one

Fat-tire biking in Spearfish Canyon

### 8 WINTER WONDERLANDS FOR OUTDOOR ADVENTURE

- ❄ Wind Cave National Park, Hot Springs
- ❄ Snake Creek Recreation Area, Platte
- ❄ Palisades State Park, Garretson
- ❄ Custer State Park Spur, Custer
- ❄ Randall Creek SRA, Pickstown
- ❄ Pelican Lake, Pelican Township
- ❄ Farm Island SRA, Pierre
- ❄ Oakwood Lakes State Park, Bruce

Time spent outdoors during the winter can be beneficial to mental and physical well-being.

of the nation's top attractions for snowmobiling, snowshoeing, hiking, fat-tire biking and many other off-season outdoor adventures.

"Some people just enjoy getting out in the cold weather. They like the changing of the seasons we get in our region and they're always looking for new opportunities to explore what we have to offer without a lot of crowds," Harrington said. "It's already a beautiful state, but winter really changes the look of the landscape and is a big draw for many people looking for outdoor fun."

World-renowned summertime attractions such as the iconic Mount Rushmore and Crazy Horse destinations take on an entirely different appeal during the snowy season. The Badlands geological formations, Ponderosa pine forests, open prairies, secluded lakes and

scenic waterways become even more alluring for landscape photographers, bird-watchers, hikers and wildlife enthusiasts when set against a charming and aesthetically pleasing wintry backdrop.

One of the most highly-attended state park destinations during both the summer and winter is Custer State Park with its 71,000 acres of trails, spectacular vistas and pristine lakes. The site is open year-round and during winter offers a wide array of things to see and do.

But there is still lots to explore across the state, including the more centrally situated Farm Island Recreation Area located four miles east of Pierre. Considered one of the park system's best-kept secrets, Farm Island sits nestled along the banks of Lake Sharpe

and the Missouri River and welcomes many winter guests who enjoy majestic glowing sunsets, ice fishing, eight miles of hiking trails, cross-country skiing and exploring the perfect natural habitat for birdwatching. There's also RV, primitive and cabin camping opportunities available.

For more ideas on how to plan trip and shake off the winter blues, check out this handy guide: [www.travelsouthdakota.com/winter](http://www.travelsouthdakota.com/winter).

And after deciding on your winter vacation plans, don't forget to pack the following along with the rest of your cold-weather gear:

- Wool base layer
- Fleece mid-layer
- Windproof outer layer
- Waterproof boots
- Warm hat, scarf, gloves and socks.

# BUILDING A BETTER FUTURE

Habitat for Humanity is active in all 50 states and 70 countries around the world. *Photos by Habitat for Humanity*

## Habitat for Humanity builds homes and hope one family at a time

**Billy Gibson**

[billy.gibson@sdrea.coop](mailto:billy.gibson@sdrea.coop)

Habitat for Humanity homes have walls that can talk. Well, they don't actually vocalize, but they do carry messages of hope and inspiration.

There's a time-honored tradition that calls for Habitat volunteers to take a break from their carpentry work and jot down personal notes on studs and sheets of plywood before the materials are nailed into place.

The simple scribbles are intended to infuse the space with messages of hope, harmony and good fortune showered upon those family members who will soon call the dwelling home.

"May all who enter this home as guests, leave as family," reads one brief affirmation rendered in green with a fat felt-tipped marker.

"Smile through the darkness. It will always bring light," reads another message of encouragement.

Some notes are based on Biblical scriptures: "Walk by faith, not by sight."

Still others recite Bible verses verbatim such as John 3:16, Jeremiah 29:11 and other familiar passages that share the promise of a bountiful future.

School-age volunteers are also quick to get in on the act. While the adults are busy at work with nail guns and power saws, the kids are taking permanent markers and drawing colorful images of sunbeams, flowers, hearts, backyard playgrounds, church crosses and whatever comes to mind. Inside the walls of one Habitat home in Mitchell there happens to be a sketch of a Happy Meal from McDonald's, complete with a fully-dressed hamburger, fries and a drink.

If nothing else, these personal postings serve as reminders of the passion that Habitat volunteers put into their work.

Bon Homme Yankton Electric Board Member Rick Cheloha currently has a compensated "retirement job" as a construction supervisor with his local affiliate but plans to step down soon and continue on as a volunteer.

Before moving to Tabor several years ago, he volunteered with the affiliate in Columbus, Neb., while working full-time as a construction manager with Loupe River Electric.

"I've been involved in 10 projects and none of them would have been possible without the help of volunteers and others who support the program in so many ways. Some people think we build free houses, but that's not true. They have to pay for the house, but they can quality for a zero percent loan."

Patrick Soukup, manager of member services and marketing at Central Electric in Mitchell, is president of his local Habitat affiliate. Mitchell Regional HFH is one of eight affiliates in South Dakota, representing the global program that was founded in 1976 and serves in all 50 states and 70 countries.

Soukup said the Mitchell crew is on the cusp of completing its ninth home. He remembers the smile on the faces of new homeowner Sonja Wells and her family when they participated in a "nail pounding" ceremony during the construction process last November.

Volunteers, family members and supporters were on hand as Fr. Yamato

Above/left, Patrick Soukup works at the Mitchell Regional HFH plant sale, while volunteers write special messages to future homeowners.

Icochea prayed over the property, the Wells family and the many participants who donated their time and resources to make the project come to fruition.

Soukup said he is sold on the merits of the ecumenical Christian housing ministry, which conducts thorough screenings of housing candidates and requires homeowners to invest considerable “sweat equity” into the homebuilding projects.

“It’s very fulfilling for everyone involved to see a home build take shape and to see so many people put their

hearts and souls into something like this to improve the lives of others. It really makes a difference, it has a direct impact, and you can get a sense of that as you get to know the homeowners and the volunteers during the different stages in the process.”

Local HFH affiliates apply some creativity to raise funds for their projects. The Mitchell affiliate holds an annual plant sale in the town square. The Brookings affiliate stages an annual gala called “Nail the Runway” which is billed as a “construction-based fashion show with a twist.” The twist happens to be that all fashions must be designed from raw construction materials.

Participants try their best to strut down the runway with grace while outfitted in pieces of tile, wood, landscaping fabric, wallpaper, nails and anything else they can drag out of the tool shed. This year’s event is set for March 18 at the Swiftel Center in Brookings.

Dan McColley is Executive Director and Lead Mission Officer for the Brookings HFH. He admits that he stole – um, “admired and acquired” – the fashion show idea from an affiliate in Rochester, MN. McColley got his start with HFH as a volunteer at the Northwoods ReStore in Bemidji, MN. He gave up his financially rewarding day job as an operations manager to

join Habitat full-time and relocated to Brookings six years ago.

For McColley, his work with Habitat is very personal. He chokes up when describing how his father and mother worked multiple jobs to make ends meet for the family of seven.

“We would have qualified for a Habitat home,” he said, noting that the Brookings group has approved 84 homeowners since 1995. “If I can do anything to lift that burden for another family, that’s what this job means to me. Every day, it’s coming to work and trying to give others an opportunity to have the benefit of home ownership. We celebrate what we’ve done, then we look for ways to do more.”

One family that stands out for McColley involved a mother and daughter who lived together. The daughter required ADA accommodations.

“She told us she needed soft carpeting because her wheelchair wouldn’t fit through the front door and she got rug burns having to crawl around the house,” he said. “We were able to build a home that was ADA compliant where she could use her wheelchair, open cabinets easily and cook without getting burned. The work we do transforms the lives of our homebuyers, our staff, our donors, our volunteers and our communities.”

The annual “Nail the Runway” event staged by the Brookings Area HFH is a “fashion show with a twist.”

## REGISTER TO WIN!

Bring this coupon and mailing label to the Touchstone Energy® Cooperatives booth in LaCroix Hall at the Black Hills Stock Show to win an electric snow blower!

Your Phone Number: \_\_\_\_\_
